OBJECTIVE

Looking to join a dynamic tech team where I can grow as a Full Stack Developer and contribute to building secure, user-friendly web applications

PROFESSIONAL SUMMARY

Experienced Full Stack Developer with expertise in Angular and Laravel frameworks, specializing in core banking systems and financial solutions. Proven track record in system migrations, software development, and team collaboration at Agricultural Bank of Egypt. Passionate about building scalable, secure, and user-friendly web applications.

EXPERIENCE

Core Banking Project Specialist At Agricultural Bank Of Egyptian | **July 2023 – August 2024**

Key Responsibilities:

- Led the implementation of Finacle core banking system as a comprehensive replacement for the legacy Arbank system
- Trained bank staff on the new Finacle system and ensured smooth operational transition
- Managed the bank's digital transformation initiative and system deployment across all branches
- Coordinated with technical and management teams to ensure efficient system implementation

Key Achievements: -Successfully launched Finacle system across all bank branches within one year

- Trained over 50+ employees on the new banking system
- Contributed to the launch of new digital banking services by optimizing system capabilities post-upgrade
- Ensured seamless transition from legacy system to new platform with zero service interruption

EDUCATION & INTERNSHIP

Bachelor of Computers And Information: Majoring In Information Systems

University of Assiut | August 2017 – June 2021

Grade: Good

Graduation Project : "Dignify" **Grade:** Excellent

Focus: Information Systems, Database Management, Software Engineering

Full Stack Development Intensive Bootcamp Internship

Information Technology Institute (ITI), Sohag Branch | November 2022 – March 2023

Program : Intensive Coding Camp - Full Stack Development Using PHP

Technologies Covered:

Back-End : PHP, Laravel, Node.js

Databases & DevOps: MySQL, Docker, Red Hat- Tools: GitHub, Apache, WordPress

PROJECTS

E-Commerce Platform

Technologies: Angular, Bootstrap, HTML5, CSS3, JSON Backend

[GitHub](#) | [Live Demo](#)

Features: Responsive design using Bootstrap and Angular architecture
JSON file backend for product management And User-friendly interface

Professional Portfolio Website:

Technologies: HTML5, CSS3, Bootstrap

[GitHub](#) | [Live Demo](#)

Features: Responsive portfolio showcasing technical skills and projects Interactive UI components
and smooth animations Contact form integration and project showcase

Interactive Questions Game:

Technologies: HTML5, CSS3, JavaScript

[GitHub](#) | [Live Demo](#)

Features: Browser-based interactive quiz game Dynamic question generation and scoring system Engaging
UI with smooth animations and responsive design

TECHNICAL SKILLS

Front-End Development: HTML5, CSS3, JavaScript (ES6+), TypeScript

Frameworks: Angular, Bootstrap, jQuery

Back-End Development: PHP, Familiar with Node.js

Frameworks: Laravel, RESTful APIs

Architecture: MVC Pattern, API Development

Databases: MySQL,

Version Control: GitHub

Development: VS Code , Postman

Methodologies: Agile Development Practices

SOFT SKILLS

Leadership : team training

Communication: Effective technical communication and presentation

Problem Solving: Complex system troubleshooting and optimization

Team Collaboration: Cross-functional team coordination

Critical Thinking: Analytical approach to technical challenges

Adaptability: Quick learning of new technologies and systems
